ZePhone is a 3G micro-SIM* standalone watchphone powered with Android 4.2 operating system. With its integrated speaker, microphone and colour touchscreen, ZePhone allows users to make calls, send SMS and emails directly from their wrist. With its built-in GPS, easily and instantly locate yourself on Google Maps. Equipped with a 6-axis accelerometer sensor that tracks steps taken, calories burned and distance travelled, ZePhone shows your activity level in real-time. Thanks to its Wifi and 3G connectivity, browse the internet and access Google Play store to download your favourite apps. With all these smart features, ZePhone acts like a true smartphone at your wrist!
